## **Dispatches: MPs Under Threat**

*Channel 4, 7.30pm*

In the past six years, two MPs – Jo Cox and David Amess – have been murdered as they took part in the everyday democratic process of meeting with their local constituents; their killers may have been extremists, but this chilling report reveals that MPs face constant threats and abuse. It's presented by Cox's sister, Kim Leadbeater, who was elected in 2021 in the seat Cox had represented.
